EXPERIENCE

Junior web developer Nov 2023 – Jan 2024
Meticulous Services

- I was responsible of designing and developing frontend for this business.
- Keeping in mind the business requirements and brand details.

Freelance graphic desingner Jan 2022 - Sep 2023
Fiverr

- I have been working as a freelance graphic designer for the past three years, worked on many complex projects that polished my project management and communication skills.

PROJECTS

StockSmart : Pantry Management App Created a comprehensive inventory management system for personal item tracking, recipe creation, and sharing. Users can add, remove, and edit recipes and items, with a responsive interface and seamless data synchronization using Firebase. Skills employed include HTML, CSS, JavaScript, Next.js, and Firebase. ([Try it here](#))

Crayo Ai : Personalized Chat bot. Contributed to a team project centered around AI-driven customer support, developing an authentication login system and designing the user interface. Integrated the Gemini API for chatbot functionality. Utilized JavaScript, HTML, CSS, Tailwind CSS, Next.js, and Firebase. ([Try it here](#))

GameFlip: Flashcards and Quiz App. Collaborated on a gaming-related flashcard SaaS platform, focusing on UI development, authentication login system, and key features like AI flashcard generation, quizzes, personalized user profiles, and Stripe integration for tiered access. Skills used include JavaScript, HTML, Tailwind CSS, Next.js, Firebase, Stripe, OpenAI API, and Clerk. ([Try it here](#))

EXTRA-CURRICULAR ACTIVITIES

- Provided services as an AI Artist, Graphic Designer, Design Consultant, Project Manager, and Software Developer.
- Completed projects for international clients, consistently receiving 5-star reviews.

LEADERSHIP

- As an articulate communicator, I have successfully managed and led various groups of enthusiasts, consistently achieving excellent results even in challenging situations.
